GREAT INSURANCE CO.

Five Millions Surplus. —Louisville Men Are Organizers.

W. H. Gregory, president of the carried in the United States. Citizens' Life Insurance Company; Helm Bruce, the general counsel of that company, and a number of the other officers have announced their plans for organizing in Kentucky a ten-million-dollar life insurance company. The company is to have five millions of capital and five millions of surplus, and the promoters declare its purposes will be to write life in. surance and to reinsure other companies.

Its charter will authorize it to write both participating and nonparticipating insurance. According to President Gregory's announcement, the home office and headquarters of the new company will be located in Louisville, but its legal home will be at Becehmont or some other meorporated town outside of the city limits of Louisville. The purpose in incorporating the company outside the city of Louisville is to savo eity taxes, which on such corporation as is planned would amount to thousands of dollars a year.

ONE OF LARGEST IN WORLD.

Mr. Gregory says that the organization of the company will be a big thing, not only for the city of Louisville, but the State of Kentucky, as it will give to the eity and State one of the largest life insurance companies in the world. He says that it will become a good feeder for the banks of the State and the entire South, and will aid in making Louisville a financial center just as the big Eastern life insurance companies have made the banks of New York dominut powers in the financial dren's Day program was rendered world. The people of Kentucky alone are now paying for ordinary life insurance more than six and onehalf millions of dollars annually, and he says the interest earnings on this sum alone if kept at home would be of nntold advantage to the State.

OFFICERS OF NEW COMPANY.

Many of the officers in the Citizens' Life Insurance Company will officers of the new corporation. H. Gregory will be the president of the big company and Helm Bruce will be the general counsel. Chas. D. Pearce, the banker, of Maysville. will be first vice president of the new company and L. W. Key, of Mayfield, will be treasurer, R. E Gregory, now a vice president of the Citizens, will be second vice president of the new company, and J. W. Lam, of Greenville will be the third vice president. Frank M. Fisher, of Paducah, J. Whit Potter, of Bowling Groen, Geo. Bohon, of Harrodsburg, and Goo. Alexander, of Paris, all of whom are directors in the Citizens' Life Insurance Company, are among the promoters of the new corporation. However, President Gregory says that any number of prominent capitalists and business men of Kentucky are interested in the new concern and that many of the State's strongest financial institutions are behind it.

GREGORY CONCEIVED PLAN.

It is understood that the idea of forming the big insurance company was conceived by W. H. Gregory, the president of the Citizens' Life. He says that the growth of the Citizens' which was founded five years ago, has been so lapid and successful twenty years its existance has been that it occurred to him that a company with a large capitalization Rev. James F. Price is holding a would have a greater opportunity. At the time the Citizens' Life was

insurance companies in the South, or Southern home companies, amounted to \$750,000. He says that the authorized eapitalization of Southern organizing-now amounts to about twenty millions of dollars, and that these companies now have in force one-third of a billion of insurance ls just three per cent of the total amount

SECOND GAME.

Friday's game was not quite so close, but Waverly was just as badly shut out by Kraft as the High Arts were the day before, not a hit being made by them during the entire nine innings. Kraft is not a "strike-out" pitcher, but he certainly knows how to make the batter place the ball where he wishes, and try as they might, the Waverly batters could not 'uput 'em where they ain't' as Sylvan would say. Marion again played a atar fielding game, the work of Guess, Caman, Kraft, Cooperrider every school urged to send delegates. and Dixon in this respect being especially good. George Hancock has

a fine reputation as a pitcher, and descrees it, had his support been better, the score would have been Will Have Five Millions of Capital And insurance companies-organized and The West Kentucky Coal Company first Game With Evansville Resulted seven hits would have been outs. However, the local boys did enough elean hitting to win, two of their runs

The state and county taxes are now due and to relieve the sheriff of a great responsibility, should be paid at once. On December 1, I, as sheriff of Crittenden county, am required to settle with the state, and if I should fail to collect these taxes it would work a hardship on me as well as my bondsmen, to have to pay your taxes. So come up at once and scttle your taxes promptly. Do not wait for the penalty, or even a nearness to it, but pay them now if you possibly can.

In the near future I will have appointments for myself or one of my deputies for each precinct and to meet us at the designated time and place to receive a clear receipt for your taxes, will aid your sheriff more than you may perhaps imagine.

Now, as my whole desire is to try to collect the taxes for this year without a single levy, or even penalty, I again urge you to aid me in this by coming to these places or to

Hoping every tax payer of Crittenden county will aid me by an early settlement of the common burden wresting upon all in proportion as God has blessed him,

I am yours very respectfully. J. G. ASHER, S. C. C.

much closer, and several of Marion's Adopted by The Methodist Sunday School, Sunday, July 24th. 1909.

The Spirit said, "Blessed are the dead that die in the Lord."

A retrospect of the quiet, dignified, Christian character of Nellie Love. assures us that she is among the dead who are blessed.

During many months of intense suffering, no complaint was ever uttered, but her thoughts were turned away from the body to a higher understanding of her relation to God, and she passed into eternity with the full consciousness that she was a child of God, made in His own image and likeness.

Her life was that of a loving, dutiful daughter, a consistent Christian, and a loyal worker in our Sunday School; therefore,

BE IT RESOLVED: That, in the death of Nellie Love, the church has lost one of its truest members, and the Sunday School, one of its most efficient teachers, one possessing a sincere desire to impart the Truth to those entrusted to her care: and.

BE IT RESOLVED: That the exemplary life which she led and the faithfulness with which she discharged her duties as pupil and teacher. shall be held in great rememberance, and that we shall strive to emulate her lovely Christian eharacter; and,

BE IT RESOLVED: That we tender to her bereaved parents and sister our sincerest sympathy, and pray that they may feel the sustaining influence of Him whose presence is sweetest in these dark hours of grief; and, BE IT RESOLVED: That a copy of

these Resolutions be made in the Sunday School Record, a copy be sent to the bereaved family, MRS. NINA WHEELER

The speakers at last selected were as follows: Aff., Rufus Robinson, Wilson Rankin and Wesley Clift. Neg., Lonnie Clift. Wm. Fowler, Sr., and Wallace Clift.

The debate was commenced by Mr. Robinson, who declared that money is the life of the country. He warned the opposition not to confound love, sympathy and pity with friendship, saying they are different. He talked twenty minutes after which he was followed by Donnie Clift, of the Negative.

This speaker argued that friendship is of divine origin, the desire for some having been planted in the human heart by God himself. He pointed out the indescribable wretchedness and misery, which must of necessity come, were friendship destroyed in this world.

Wm. Fewler, Sr., was the next speaker. Mr. Fowler waked the folks up who were getting drowsy and they stayed awake too.

Wesley Clift, of the affirmative spoke next. He received the influence and the power of money from the earliest dawn of history unto the present day, and told of the vast number of lives that had been lost in quest of the precious metals.

Wallace Clift, of the negative was the next speaker. He held up the miser as an example of a human soul debased by the love of money. He reviewed the arguments of the previous speakers at some length.

Rufus Robinson closed the debate n a short talk, after which the ques tion was submitted to the judges. The decision of the judges was unanimously in favor of the affirmative. In the voting contest Miss Toy Wafford won the cake as being the next with 190 votes.

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and affied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very ser-

Dyspeptics cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated ail along, and the stools are forced and

along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Fowier, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Grand Junction, Tenn., B. F. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can ohtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, saits, etc., away.

JOHN B. BRASHER,

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its

weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weeknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.
